# AL-85923 I.V. Stand *New*

with knob operation for height adjustment

**AL-85923** I.V. Stand is designed for hospital applications where multiple components and accessories are required.

Stand can hold up to 20 lbs. of I.V. fluid. Five-leg heavy-duty base with 3" non-marking swivel casters. A turn of the knob counter-clockwise allows raising the four-hook top to a maximum height of 99".

Simply turn the knob clockwise to lock in the height.

Optional colors available!
