

CONVERTIBLE CHAIRS

Our brand new Convertible Chairs are a no-lifting multi-functional device that helps caregivers to more efficiently & effectively perform their safe patient handling practices, such as transfers, repositioning, transport & early mobilization of patients that may help to reduce the patient length of stay, improve patient satisfaction, safety & dignity & reduce work related injuries.

PATIENT TRANSFER SYSTEM

Our Patient Transfer System works with most beds & stretchers & allows a single caregiver to safely & easily transfer a dependent patient with greater frequency & ease without the indignity, discomfort & medical limitations of traditional handling methods.
