

# Healthcare Solutions

## INSIDE Patient Care Area

### 1 Medical-Grade UPS Systems

- Reduce cumulative shock potential to less than 100 microamps for connected loads (UL 60601-1)
- 24x7 power for critical loads
- See ALCO Part #'s: 59797, 59798, 59799 & 81612, 81613, 81614

### 2 Medical-Grade Isolation Transformers

- Reduce cumulative shock potential to less than 100 microamps for connected loads (UL 60601-1)
- Provide complete noise filtering and surge suppression (ideal for sensitive equipment)
- See ALCO Part #'s: 59800, 59801, 59802 & 81617

### 3 Medical-Grade Power Strips (UL 1363A)

- Mount on mobile carts, IV poles, etc.
- Dual circuit breakers: 1 line, 1 neutral
- See ALCO Part #'s: 81557 & 81558

### 4 Medical-Grade Power Strips (UL 60601-1)

- Patented site wiring fault protection technology
- Surge protection (1,410 joules) available
- See ALCO Part #'s: 81555 & 81556

### 5 Medical-Grade Mobile Power

- Provides UL 60601-1 compliance for connected mobile equipment
- Adds reliable mobile AC power to new or existing carts
- Contact ALCO for more information

## OUTSIDE Patient Care Area

### 6 Hospital-Grade Power Strips

- Rugged metal housing
- Switchless design prevents accidental shutoff
- See ALCO Part #'s: 54225, 59794, 81563 & 81564

### 7 Wall-Mount Enclosures

- Save space and keep equipment off the floor, secure and organized
- See ALCO Part #: 81618
