22 Series

Exit device

98/99 Series

Exit device

The 22 Series is a cost-effective solution for medium to low traffic areas where proven reliability is needed. The non-handed design of the 22 Series makes it more adaptable in the field. And unique features set the series apart, including the Breakaway™ lever for protection against vandalism and the AX option that is UL certified to meet ADA and California Building Code requirements for 5 lb. operating force.

22 Series

Von Duprin exit devices are available in two external surface styles, designated 98 and 99 Series. 98 Series features a smooth mechanism case, 99 Series features a grooved mechanism case.

98/99 Series
